For A Winter Evening.

For an evening's amusement
fortune telling has long been in
favor. We have, however,
grown tired of cards, tea leaves
and palmistry, and with the ap-
proach of the social and "soci-
able" season long for something
along similar lines, yet possess-
ing the charm of novelty. Dom-
inos will this winter supply the
proper medium for fortune tel-
ling, but they must never be
consulted on either Monday or
Friday.

The dominos should rest face
down on a smooth table of white
marble or oil cloth. When the
future is to be consulted the in-
quirer seats himself at the table,
shuffles the dominos, and from
them draws five dominos. From
these the seer must concoct a
"revelation" of sufficient detail
and length. As an aid, the fol-
lowing rule is given:

Six-five denotes amusement
and success.

Six-four denotes early mar-
riage and much happiness.

Six-three denotes constancy
and affection.

Six-one denotes orderly, eco-
nomical and industrious.

Six-one denotes will marry
twice, rich in old age.

Six blank denotes will learn
of death of a dear friend.

Double five denotes will be

very lucky in everything.

Five-four denotes will marry
poor.

Five-three denotes ample
means and eventual wealth.

Five-two denotes unfortunate
love affair.

Five-one denotes an invitation
to an enjoyable affair.

Five-blank denotes avoid gam-
bling and games of chance.

Double-four denotes lucky to
lovers, farmers and laborers.

Four-three denotes neither
riches nor poverty.

Four-two denotes you will be
childless, but rich.

Four-blank denotes quarrels
and separations, never marry.

Double-three denotes immense
riches.

Three-two denotes fortunate
in love, marriage and business.

Three-one denotes not favor-
able.

Three-blank denotes your
sweetheart is deceitful.

Double-two denotes thrifty,
successful, moderately rich.

Two-blank denotes poverty
and bad luck.

Double ace denotes constancy
in love and marriage.

Ace-blank denotes travel in
great luxury.

Double-blank denotes selfish,
miserly and heartless.

RIPANS CURE HEADACHE

Headaches are nature's warnings that there is
physical trouble somewhere in the body. A cure
can generally be effected by putting the stomach
into good condition. Ripans Tablets will do it.
"I have been troubled with sick and nervous
headaches ever since I can remember, but have
been worse for the last two years," writes a young
married woman living in Elmira, N. Y. "I could not
do my housework in the way it should have been
done. I was sick at my stomach most of the time,
was nervous and trembled and I could hardly walk
across the floor without aid, for I was so dizzy. I
took everything I saw advertised for the cure of
headache but I did not find relief until I tried
Ripans Tablets, which were highly recommended
to me by friends. I had taken but two small boxes
when I could see a change, and now I can go
about my daily toil with comfort. I have been
taking them eight months, and I will continue.
I am a new person since I began to take Ripans
Tablets."

WANTED: A copy of each health (this) RIPANS will not benefit. They launch pain
and promote life. One given today. Note the word RIPANS on the package and
advice to physicians. RIPANS is the only medicine that can be had at any drug store. It is
sold in all the leading pharmacies and is the only medicine that will be found to have been
to the Japanese Chemical Co., 150 West 42nd St., New York.

Lynch Law Condemned.

In the defense of McKinley's
anarchistic assassin Judge Lewis
said: "It is charged here that
our client is an anarchist, a man
who does not believe in any form
of government. And there are,
so we are told, other individuals
who entertain this opinion. We
all feel that such doctrines are
dangerous, are criminal, are
doctrines that will subvert our
Government in time if they are
allowed to prevail.

"Gentlemen of the jury, while
I believe firmly in that, I do not
believe it creates a danger to
this court equal to the belief,
becoming so common, that
men who are charged with the
crime shall not be permitted to
go through the form of a trial
in a court of justice, but that
lynch law shall take the place of
the calm and dignified adminis-
tration of our courts of justice.

"When that doctrine becomes
sufficiently prevalent in this
country, if it ever does, our in-
stitutions will be set aside and
overthrown and if we are not
misinformed as to the state of
mind of some people in some
parts of the country, the time
is fast approaching when men
charged with crime will not be
permitted to come into court
and submit to a calm and dig-
nified trial, but will be strung
up to a tree on the bare suspi-
cion that some one may hold the
belief that they have committed
some crime.

The learned counsel also knows
that the cries for Judge Lynch's
court that have been scattered
from the Atlantic to the Pacific
are the result of what he terms
as "weakened minded people" as
follows: "Some weakened mind-
ed people entertain the notion
that the lawyer who appears in
defense of defendant is in court
to delay by technicalities. But
every man who knows the mem-
bers of the bar understands
that this is not so. My associate
and I are here for the same
purpose that the learned dis-
trict attorney is here for—to
see that this trial progresses in
a legal, orderly and proper
manner."

These same weak minded peo-
ple have seen a worthless wretch
who hated himself and his fel-
low beings, after being caught
red-handed in murder, cause the
State and country thousands of
dollars, and through those same
technicalities have their case
continued from term to term
and year to year, and, finally,
Witnessed justice openly de-
feated and murderers turned
loose upon innocent people.
And when it comes to assaulting
defenseless women the South
has not permitted it in the past,
and has no idea of being talked
or reasoned out, of the justness
of Judge Lynch's court in the
future. The slur upon the South
we can afford to take, since we
believe that there are some
crimes which are bad and hor-
rible enough, without requiring
the testimony to be given and
regiven, and strung out for
months and years, simply to
gratify the criminal's love for
notoriety.

When the law is administered
as the learned Judge said it
should be, the popular clamor
for Judge Lynch's court will no
longer be heard, and every crim-
inal will have a trial.

Boston has a bean famine and

Statistics show that it takes

corn bread and sweet potatoes

very fair eating and sort of

Paris, Sept. 28.—That taxa-
tion causes consumption was the
conclusion reached by Doctor
Monfet in his paper read before
the Medical and Surgical So-
ciety. He finds that the mortal-
ity from tuberculosis in France
is 200 per cent higher than in
England, with an equal popula-
tion, though the climate of Eng-
land favors the disease. This
startling result is due, he said,
to the working class having bad
and insufficient food, owing to
enormous taxation. Their gains
are about equal, but the English-
man gets about twice as much
for a dollar.

Wasn't So Old After All.

"Ma" had been imported from
Michigan, where she had lived
for 60 years, with the exception
of one visit to "Detroit" and
one to York state. The impor-
tation of "ma" was for the sole
purpose of making housekeep-
ing easier.

It was incumbent upon the
daughter and her husband to
show "ma" Chicago and see her
eyes bulge. "Ma" had other
ideas, however, and refused to
be impressed. The Masonic
temple, the elevated railroad
and the thousand and one con-
trasts her simple country home
did not arouse even an exclaima-
tion.

Finally, as a last resort, "ma"
was introduced to a phonograph.
The machine played band music
and marches, and wound up
with a tenor solo of some merit.
"Ma" was asked what she
thought of that, and it was ex-
pected that she would be speech-
less.

"Well, it's pretty good, I
guess," said ma, "but 'pears to
me it would sound just as well
if the man was in the next room."
